To Whom It May Concern:

Pursuant to Michigan's Freedom of Information Act ("FOIA"), I hereby request the following records:

Please provide the FOIA log for February, March, and April 2013.

Records of FOIA request letters, response letters including denials, and appeal letters and responses to the FOIA coordinator and City Administrator regarding FOIA requests, dated from February 1, 2013 to April 30, 2013. This should include cover letters and other administrative correspondence, but not the documents requested.

The requested documents will be made available to the general public free of charge as part of the public information service at MuckRock.com, processed by a representative of the news media/press and is made in the process of news gathering and not for commercial usage.

In the event that fees cannot be waived, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

I believe that all of these documents should be readily available at no cost. If there is to be a charge for this request, please inform me in detail what the proposed cost would be before proceeding with the request.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 5 business days, as the statute requires.

Because of the volume of files that must be reviewed to gather this information, the DDA extends the time for response by 10 business days as permitted by statute; at or before the conclusion of this extension period, it is the intent of the DDA to grant or deny your request, or to grant the request in part and deny the remainder.

Also, it is the practice of the DDA to provide FOIA responses in hard copy form, which will require a street address, or materials will need to be picked up at the DDA office.

Finally, I will consider the requests you have made regarding costs and will respond to this request separately.

Sincerely yours,

Hello,

Thank you for your response to my April 4, 2013 FOIA request. While it may be the DDA's "practice" to provide FOIA responses in hard copy form, since I am requesting emails, and I'd like to save you the trouble of photocopying materials, I'd like to receive the materials in electronic format, as originally requested. The Ann Arbor City Clerk's office kindly provides such documents in electronic format, PDF files. If my desire to save paper isn't convincing enough, I would respectfully cite *Zeeff v. City of Ann Arbor*, which makes clear that the original electronic format for FOIAed public records can be compelled.

Because of the volume of files to be reviewed to gather this information, on April 10, 2013, the DDA extended the time for response by 10 business days as permitted by statute.

The DDA does not have access to FOIAs submitted by AnnArbor.com reporter Ryan Stanton to the City of Ann Arbor.

Attached are documents for the remainder of your request. Documents exempted under the statute due to attorney client privileged communication have not been included.

Also due to the volume of files to be reviewed, on April 17, 2013 you were notified that given the number of files to be reviewed to meet your FOIA request that you would be charged the cost for personnel to comply with this request. The DDA has opted not to charge you for this cost on this occasion.

Susan,

We don't think this is at all reasonable or based on a solid legal foundation.

The DDA estimated the cost of responding to this request. We then agreed to pay that estimated cost upon production of the records. The DDA did not insist on a deposit in order to proceed. And then the DDA apparently began to process the request.

So our position is that the opportunity to require a deposit before proceeding has passed. If the DDA has a written board-approved FOIA fee policy that provides for re-estimation in an iterative scenario, then we'd be willing to reconsider our position.

So at this point, I think it's appropriate that the DDA continue to process the request to completion. If it turns out that it costs \$300 and not \$73.50, then I think we should deal with that situation if it arises.

We believe this is a reasonable way to proceed - which respects the DDA's legal rights as a public body under the FOIA as well as our rights as a requestor.

If the DDA wishes to re-assert its position that it intends to impose the requirement of a \$150 deposit before continuing with the processing of this request, please let me know so that we can respond appropriately.

Cheers,

Dave

We now estimate that it will require 6 hours of my time as FOIA Coordinator and 2 hours of time for the DDA's Management Assistant, for a total cost of \$300.00. Under the rules governing FOIA you will be asked to provide a deposit for half this cost before we proceed. You are of course free to more specifically define your search which may reduce the hours expended to respond. Also, I am also notifying you that the DDA is extending the time for response by 10 business days as permitted by statute. Thus our response will be extended from Monday, April 22, 2013 to Thursday, May 3, 2013.

RE: FOIA REQUEST

Dear Dave:

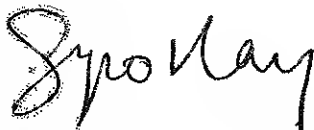

A Freedom of Information Act (FOIA) request was received from you by the Ann Arbor Downtown Development Authority on Tuesday, April 16, 2013 in which you requested:

1. All electronic mail messages received by Susan Pollay from Leigh Greden or Christopher Easthope.
2. All electronic mail message sent by Susan Pollay to Leigh Greden or Christopher Easthope.

Because of the volume of files to be reviewed to gather this information, the DDA extended the time for response by 10 business days as permitted by statute.

Attached are all the documents that are in the possession of the DDA that meet this request.

Sincerely yours,

Susan Pollay, Executive Director and FOIA Coordinator  
Ann Arbor Downtown Development Authority

**Subject:** March 2013 monthly parking data

Dear Susan,

I don't understand the DDA's interest in shielding these numbers from public view for any additional period of time. I don't think it serves the public interest or the interest of the DDA as a public body.

In the past, in similar circumstances when the operations committee could not meet in a given month, I believe the monthly parking data has simply been forwarded to the full board for review at its next meeting. I'm not sure why the DDA has chosen not to follow that reasonable and straightforward practice this time around.

Certainly DDA board members could be sent the monthly parking report in advance of the full board meeting tomorrow via email – if staff wanted to give board members a heads up so they can look at the data before the full board meeting. Or the parking report could simply be watermarked "draft" just as the minutes are marked – if the DDA feels it has an interest in recording the fact that the numbers have not been reviewed by the operations committee beforehand.

The operations committee itself meets publicly – so I don't see a difference in whatever risk the DDA perceives in sharing "unreviewed" data with the public at a full board meeting compared with the risk of sharing the data with the public at an operations committee meeting.

There are myriad approaches to this that would not needlessly delay the revelation of the routine monthly parking data for another two weeks. I would look forward to the board and staff handling this issue in a way that achieves the kind of transparency to which the DDA aspires.

It's disappointing that I even had to resort to asking for this report under the FOIA, having been refused it on more than one polite request.

So I look forward to receiving a copy of the March 2013 parking report tomorrow at the May 1 board meeting.

Thanks,

Dave

Hi Dave. Please note that the DDA will be taking the allowed 10 business day extension for this FOIA. This will allow time for Committee members to review the draft March parking report to ensure that the report is in appropriate form for the board. By my estimation that date would be Thursday, May 16<sup>th</sup>. But if we can get hold of folks sooner than that we'll do our best to get you this report sooner than that. Thanks. Susan
